TO: Mr Campinos

SUBJECT : Amnesty for SUEOP members

Dear Mr President,

with a letter dated 26th November 2018 USF drew your attention to the option of a general amnesty in all EPO disciplinary cases which are quite obviously of an essentially political nature. To our knowledge, our colleague and union representative Laurent Prunier has not yet been contacted by you, although the suggestion of an amnesty has been circulated for months by now.

In our view, personal pain and suffering cannot be justified with procedural considerations. We trust that you are aware of the personal suffering of the EPO union representatives.

Yours sincerely,

Dr. Bernd Loescher
USF President
